

Übungen zu einfachen Flächenberechnungen

Gesucht ist die Fläche A der markierten Fläche.

1. $f(x) = x^3 + 8$

3. $f(x) = -x^2 + 9$

2. $f(x) = 0,5 x^4 - 5x^2 - 8$

4. $f(x) = 0,2x^3 - x^2 - 2,4x + 7,2$
